Aiming High ...

Our students aim high and very often achieve much! No wonder that the Trinity logo has been to places that matter be it the London Olympics or Mount Everest. This is no small achievement for any College. Trinitians have been participating and winning in various contests or shows such as beauty pageants, basketball championships, TV quiz competitions, chess championships, the Physics Olympiad, Denmark, or sports events at Dasarath Stadium, Kathmandu. Just name the event – local, national, regional, or international – or the place where one isn't likely to find Trinitians smiling as confident participants or happy winners.
